

Loans Appeal Process:

The Appeal Process for loan applicants is as follows:

Step 1 – Unsuccessful loan applicants will be provided feedback from the Community Futures Loan Committee, through the Loans Coordinator, as to the concerns and/or rationale for the decline. If the applicant is then able to address the concerns, a reapplication will be welcomed.

Step 2 – Should the applicant be unable to address the concerns and still feel that the loan application should have been granted, the applicant can request the original application, or the secondary application be presented to the Community Futures Shuswap Board of Directors.

Step 3 – Should the Community Futures Shuswap Board of Directors agree with the decision(s) of the Community Futures Shuswap Loans Committee, the applicant can then request a review of the process by the Community Futures Provincial Association office.
